

INGHOR

sheet stacking box ● bundle turner

The benefit of a double-box stacker lies in the possibility of non-stop stack changes. The stacker can automatically switch delivery to the other box when the desired stack height on the pallet is reached. The sheets are supported on an air cushion as they drop onto the stack. At the end of the powered outfeed rollers is an inline pile tumbler.

Technical specifications

CazProductNumber CPN	6705
Name	INGHOR
Sheet length max.	1000 mm
Sheet width max.	1200 mm
